HOW NATURE TALKS.

The subject about which a few thoughts were given in the JOURNAL yesterday may be better understood by making a few more statements in a general way. Change in relation and change in things is imperative to progress, as there can be no progress without movement. There are not any of our readers who will not call to mind, upon mere suggestion, the many sayings there are connected with change in general affairs which illustrate movement in business matters. When business has been quiet it is said when a change begins: Things are beginning to move a little.

There are some movements in business again that look as though there might be a change for the better. Business is moving. Property is changing hands and business is brisk. All of which remarks include the necessity there is for a change in the relation of things. As change in business relations is necessary to business, so is it necessary in all the relations that men sustain to the nation, the State, to things and to each other. All things and conditions are subject to change to make progress. Things must change to cause progress, excepting always fundamental principles, chief among which as applied to man is truth.

No principle can become fundamental that has not its origin in and foundation on truth. The principles of the United States government are founded on truth, and for that cause are fundamental in a twofold sense, which is represented in a means of government and as monuments of truth. It is ascertained that the principles of our government are founded on truth when it is known that they represent the rights of man. It is the only system on the earth that is founded on truth, as all others are founded upon force and among civilized men large armies are required to sustain them.

The United States government has no need for a standing army to sustain or maintain it. The only need there is for an army in any form is to police the country to keep the lawless element in order, and to furnish protection against innovation upon its principles by those who may seek to destroy their effect by removing them, which latter class will be and are the most dangerous element there is or can be to the country; chief among whom at this time is McKinley and his cabinet and the majority in Congress.

Danger from the elements mentioned is in a violation of fundamental principles by removing them, and by the substitution of foreign elements that partake of force, such as imperialism and kindred methods of government, which have largely been applied by the present administration and the present Congress. These are changes that should be avoided by every means within the control of a free people. The principle of truth included in our government sustains the relation that the sun sustains to the planets that revolve around it. It sustains and directs the body of the States subject to its all controlling power within their sphere in true relation and harmony, while the people within the States are protected in their rights and liberty, whose action is free and interchangable for the development and upbuilding of the States, when under favorable conditions, as the forces of nature are free and interchangable within the planets for their development and upbuilding, according to the original plan of the great lawgiver.

In nature there are forces in opposition one to the other. When any force becomes controling, development by a force controled is retarded or suppressed for a time. When a suppressed force has acquired power sufficient to overcome the oppression, there is upon it the bands are broken and there is a change in relation. Freedom to the oppressed force is a result of the change and development goes forward.

It is wonderful how the conditions there are upon man are represented in nature. There is a duplicate in nature for each condition there is upon him, which truth is ascertained when the causes and effects of the first great cause are examined. Sufficient has been taken from the lessons given in nature for the present.

Respecting the condition of the people of Nevada who have been for so many years subject to a force that has oppressed and continues to oppress them. Something should be done to bring relief. Action should be taken to remove it. When there is taken into consideration a removal of the oppression there is upon the people, a question is presented upon the ability of the people to remove the force that is oppressive. There is no question about their ability to remove the oppression. When the force is examined it is ascertained that they have the ability to remove it, but there is remaining an additional question which is: Will they use their ability to remove the oppression there is upon them, which has bound them to the suppression of their development in wealth and natural means for their advancement.

The bands that bind must be broken before freedom of action for the development and up building of the State and its material interests in wealth and moral standing before the world can be advanced. Rotten borough methods must be abandoned, and the men who use them till they have given evidence that they are willing to take the relation of builders to the State.

Independent action by the people, and active participation in its political affairs will be required by those who are not members of the political aristocracy there is in the State, whose ways have been and are largely the cause of present conditions in material development and wealth in the State.

The power of the people is equal to the removal of the binding and oppressive conditions there are upon them. All that is required to remove these conditions is the lifting of a finger and the will power of the people who are not political aristocrats, but are the men who have under very adverse circumstances made homes and brought up families as respectable young people who equal any youth in the land.

NEWS OF THE STATE

Brief Items of Local and General Interest to Our Readers.

W. F. & Co. shipped $1,000 from the Jumper Friday night.

It is reported that galena has been recently found on the Jumper.

The Woodruff prospect on the Keystone in Tiger canyon is looming up.

The drift on No. 2 has cut into the vein sought. The results are up to expectations.

Willard Gentry is on trial at Winnemucca charged with perjury. The trouble grew out of the Bouton case.

Chas. Washeim is over from Carson to help install the Kinkead mill on the Emma L. He looks well and is enjoying good health.

The ore milling plant at the Mt. Cory mine, Esmeralda county, that cost $750,000, was sold for less than one-eighth the original cost.

A shipment of ore, averaging 400 ounces of silver per ton, was recently made from the Courthouse mine in New Klondike district, Nye county.

Civil service examinations will be held at Reno on the 17th, 18th and 19th of the present month for the position of cadet in the revenue cutter service.

The Slip mill is finishing a run of 60 tons of ore from the Jumper mine, will run 25 tons of Hutchinson ore, and Peter Rosasco will try an experimental run of five tons.

While the weather greatly retarded operations and no milling was done at all until the middle of March, the bullion receipts of Olinghouse since January 1st, counting only what we could get track of, amount to $4,100.

In Deerlodge district, Lincoln county, recently bonded by the Wertheimers of DeLamar, the work done so far is too superficial in character to determine its value. But if depths show as good values as the surface, it will be one of the best properties in the camp.

Stanford Wins the Field Day Contest.

Although Defeated the Nevada Boys Make a Most Excellent Showing at Palo Alto.

Special to the JOURNAL.

STANFORD UNIVERSITY, May 5.—The Palo Alto athletes beat Nevada this morning by score of twenty-nine to nineteen. The sagebrush boys, however, made an excellent stand and furnished at least one of the expected surprises by winning the mile run against Rollie Hamilton who made first place in the intercollegiate meet a couple of weeks ago. They also win first in the high jump, quarter-mile race and hammer throw. The time made in the mile run was better than that made at Stanford any previous time this year, viz.: 4 minutes and 45 1-5 seconds.

Following are the results of the meeting: One hundred yards: Harter, Stanford, first; Stewart, Stanford, second. Time, 10 2-5, seconds. One mile run—Jameson, Nevada, first; Hamilton, Stanford, second. Time, 4 minutes, 45 1-5 seconds. Hurdles. 120 yards—Strout, Stanford, first, Stubbs, Nevada, second. Time, 17 3-5 seconds. Pole vault—Boyd, Stanford, first, 10 feet, six inches, Richards, Nevada, second. High jump—Ward, Nevada, first, Boyd, Stanford, second. Eight hundred and eighty yards—Case, Nevada, first, Jameson, Nevada, second. Hurdles, 220 yards—Naramore, Stanford, first, Strout, Stanford, second. Dash, 220 yards—Harter, Stanford, first, Stewart, Stanford, second, 23 1-5 seconds. Shot put—Parker, Stanford, first, B. Smith, Nevada, second. Distance, 39 feet. Broad jump—Naramore, Stanford, first, 20 feet, 7 inches, Hopper, Stanford, second, with 20 feet, 3 inches. Run, 440 yards—Keddie, Nevada, first, Hawley, Stanford, second, Time, 53 4-5 seconds. Hammer throw—C. C. Smith, Nevada, first, 129 feet, 3 inches, Wardell, Stanford, second.

The Odds on Jeffries.

Special to the JOURNAL.

NEW YORK, May 5.—Intense interest is manifested in the Corbett-Jeffries fight which takes place next Tuesday. Corbett money is plentiful, but three to one is demanded. All the big sports are backing Corbett. It is said his condition will astonish the pugilistic world. He will weigh 186 pounds and Jeffries 212.

California Loses to Yale.

Special to the JOURNAL.

NEW HAVFN, May 5.—The University of California was beaten in the field sports today by Yale by the score of 8½ to 3½. California won the 100-yard dash, hammer-throw, high jump and tied for broad jump. The weather was very cold and the Californians are not acclimated.

BRIEF WIRED WORDS.

NEVADA CHAMPION OF PACIFIC COAST

Wins From Stanford University by the Close Score of Four to Two.

Oh, you dear girls! You caused me to ruin my vocal chords, smash my derby and lose a few buttons. But I love you still, individually and collectively. Rah! Rah! Rah! for Nevada and Nevadiennes!

It was a great victory you won. You are now champions of the Pacific coast and the idols of your State.

The cardinals are pretty good basket ball players. They shut out Berkeley to the tune of about seven to nothing, and defeated Lowell by two points; but they were outclassed by the maidens of the Sagebrush State.

You Nevada co eds are quick of eye, fleet of foot, unerring of judgment and fair to look upon. You are not very expert in tossing at the basket and back-passing is an unlearned art, but you are young yet and in time you'll do. Yes, you'll do.

One thing I like about your work is that you don't play to the gallery. You attend strictly to business. Of course, it is noticeable that when you slide to bases you carefully brush your polonaise and assume positions of studied grace between the plays. You're daughters of Eve, and heredity is law.

Well, here I'm half way down the sheet of paper and nothing save glittering generalities said about the game.

Although the posters read Palo Alto versus Nevada, it is understood that the visiting team was nothing less than the Stanford 'varsity. One Jordan decreed that the Stanford girls should not play basket-ball off the campus, but he had no objection to the "Palo Alto" team coming to Reno. Hence Mr. Hyde hied to Nevada and Mr. Jekyl staid at home and studied like seven little Sunday school girls.

There was a big crowd to see the game. They all wore the blue, save one. His life was made so miserable that he came down town during the intermission and traded his cardinal tie and socks off for the true blue of Nevada.

The teams lined up as follows:

Palo Alto team—R. G., Mary Gilman; L. G., Irene Pitcher; R. C., Vida Ducker; C., Frances Tucker; L. C., Mattie Downing; R. F., Winifred Morgan; L. F., Mabel Ray.

Nevada team—Misses Maud Nash, Lillian Marrette and Tillie Kruger, forwards; Frances Kirby, center; Ethel Peckham, Ethel Sparks, guards; Kate McGowan and Dora Hill, candidates for third position on guard.

In the first half it was give and take, but Nevada kept the ball the most of the time in the enemy's territory. A goal was made by Miss Pitcher of Stanford. It was greeted with fitful cheers and convulsive sobs, hysterical shrieks and deep muttered quotations from the works of Confoscius.

Then Miss Marrette basketed the pigskin to the accompaniment of a pandemonium unwitnessed since the tower of Babel was erected or the last committee meeting of the Silver party. Miss Ray fouled, but Nevada lost the opportunity to score another point.

The play in the second half was quick and fast. Maud Nash made an excusable foul, which she soon redeemed by a magnificent field goal. Stanford was on the edge of tying the score, but the basket was too small. Another foul was make by Ethel Peckham.

When the game ended and the score, 4 to 2, was announced, the crowd thronged down on to the gymnasium floor and the little girls in blue were hugged and kissed by the ladies and congratulated and cheered by the men. A lively waltz was struck up by the band and everybody danced in mad and merry measure.

Truckee River for Nevada.

A meeting was held in the Court House yesterday afternoon to protest against the Von Schmidt scheme to supply San Francisco with the waters from Lake Tahoe, which nature has provided to water the arid lands of Western Nevada.

A. C. Bragg was chosen chairman and L. D. Folsom, secretary. A resolution, introduced by R. L. Fulton, was unanimously adopted. It was addressed to the Mayor of San Francisco and set forth the facts in the case as viewed by Nevadans. The resolution invited the supervisors of the California city to visit the Truckee river when there inspecting Lake Tahoe, the committee to be then given visible proof that the waters of the river are not being wasted, as alleged by schemer Von Schmidt.

The following committee was appointed to keep their eyes on the contemplated usurpation of Nevada water rights: Alvaro Evans, George Alt, Dr. Stubbs, James Sullivan, Chas. Kaiser, R. H. Kinney, G. Holcomb, A. E. Cheney, John Sparks, D. C. Wheeler, Henry Whistler and Charles Gulling.

A committee was appointed to entertain the San Francisco visitors and a considerable sum was subscribed to defray the expenses of carrying on the fight for home protection.

Quiet Home Wedding.

The wedding of William Prince and Miss Lizzie Eickbusch took place at 8:30 last evening at the home of the sister on Lake street.

It was a quiet affair and attended only by the relatives and a few intimate friends. The house was artistically decorated with roses and ferns.

Miss Sophie Blum, a niece of the bride, acted as maid of honor, and Mr. Robert Mitchell as best man. The ceremony was performed by the Rev. F. V. Jones. A reception followed the ceremony and then a supper was served.

An Informal Reception.

A reception was tendered the members of the Palo Alto basket-ball team last evening in the Cottage. The house was thronged. It was a very informal affair and thoroughly enjoyed. The young ladies will leave this morning for Stanford. They expressed themselves as thoroughly delighted with their hospitable treatment here and place their defeat as solely due to the superior team work of the locals.

Trinity Church.

Trinity Church—Holy communion, Litany and sermon at 11 a. m. Litany Hymn, 89, "Savior, When in Dust to Thee." Communion hymn, 225, "Bread of the World." Gloria in excelsis. Sunday School at 12:30. There will be no evening service.

A "Yum-Yum" Feast.

Belgian hare come high, but the Monarch chop house must have them. Try a slice to-day. They will also serve yellow-legged chicken and almost anything else you may ask for.

At the Festal Board,

Both of the contending basket-ball teams were banqueted yesterday afternoon in the dining hall. The hosts were the members of the Delta Rho fraternity.

Injuries That May Be Fatal.

Yesterday afternoon John Sullivan received injuries that may possibly result fatally. He is in the employ of the Reno Water, Land and Light company and was sent to cut some wires on a pole on Virginia street south of the bridge. The pole had been standing for a long time and had rotted below the surface of the ground.

Mr. Sullivan cut the wires on one side of the pole and the weight of the lines remaining intact caused the pole to fall. He was on the underside and death seemed certain, but he thought more of his fellow workers on the ground than of himself. He shouted to them to run for their lives and then leaped clear of the pole, which fell beside him. The drop of 40 feet resulted in a compound fracture of the arm and probably internal injuries. He was taken to the Grand Central Hotel and his mother, who resides at Empire, was summoned. She arrived on the late train.

Mr. Sullivan was resting easily last night but was spitting blood in great quantities.

An All-Right Copper Mine.

That mine up on top of Peavine is all right after all. There has been a good deal of carping and caviling at J. H. Brown, the prospector who struck Reno a few months ago and in a few weeks had discovered and bonded a mine right under the noses of us wise-acres who know all about copper formations.

Mr. Brown got up a corporation, known as the Nevada Exploration and Development Company. He and Henry Cutting struck out for the closest prospected hill around the town, namely old Peavine. In a couple of days they found three or four ledges ranging in width from 22 inches to 400 feet. We won't say what the rock assays, but will merely advise you to look into the windows of the Nevada Hardware & Supply Company's store this morning.

Bound for Napa.

Sheriff Wilson of Lassen county arrived last night with C. P. Sturgess, whom he is convoying to the Napa bug house. Sturgess is the sprig of eastern yellow money nobility who took a shot at old man Rhodes in Long Valley the other day. He has been adjudged insane, his trouble being homicidal mania.

Otherwise he is all right and can talk Greek and Latin as straight as Jimmie Giles, who, by-the-way, got so excited at the basketball game yesterday that he pied the gate receipts.

An Indian Literateur.

E. Brown, editor of the *Indian Advance*, published at the government school near Carson, paid the JOURNAL office a fraternal visit last evening. Mr. Brown is a product of the Carlisle training school, and is a polished gentleman, despite his aboriginal blood.

Where to Eat Dinner.

Think of a boquet composed of roses, sucking pigs and parsley! Seems like an incongruous collection, but the effect as noticed in Block & Clausen's window last night was far from inartistic.

Westward Bound.

The Sunset linemen began stringing the aluminum seven-ply wire on their transmontane line yesterday. This is expensive stuff; costs four bits a pound, but what does Charley Lake care for expense?

Poles are set to within a mile of Verdi. By Monday evening we will be able to say hello to Justice King and all the other girls up Verdi way.

The Gentry Show.

The daily newspapers of San Francisco praise the Gentry trained animal show above all tented exhibitions, claiming it to be the best ring performance given by animals that ever visited the coast. The show stayed two weeks at the city, showing day and night to a crowded tent. They carry the best trained stock ever gotten together; elephants, ponies, monkeys and dogs by the hundreds and animals that act.

Bring out the family and give them a treat always to be remembered. Crowd the streets and witness the grand parade.

The people of Reno have witnessed a great many shows, but the Gentry ring performance next Monday will please them more than any show that ever visited the city. You see more for the small price of admission charged than ever before. A show far ahead of any three-ring circus. They carry no side shows nor concerts. One price of admission takes you all the way through.

The Gentry show has the best reputation through the cities as giving a moral, refined and high class entertainment. No doubt their tent on Monday will be filled to its capacity both afternoon and night.

They will give a grand street parade at noonday, and will show, rain or shine, as their tent is perfectly waterproof.

The Best In the World.

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough. Having read their advertisements in our own and other papers we purchased a bottle to see if it would effect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. For sale by Wm. Pinniger.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50cts Sold by S. J. Hodgkinson Druggist.

Looks Like a Mine.

At the Horseshoe mine, in Deerlodge, Lincoln county, all is activity. Ore is being blocked out and sinking continues as fast as possible. There is a fine 90-foot gallows frame erected over the double compartment shaft; engines and boilers are being placed in position, foundations for the new mill are being laid, buildings for the mill are being erected, teams are constantly arriving with timber and other material, and altogether the Horseshoe has the air of being a sure enough mine.

Prevented a Tragedy.

Timely information given Mrs. George Long of New Straitsville, Ohio, prevented a dreadful tragedy and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c and $1.00 Every bottle guaranteed. Trial bottles free at S. J. Hodgkinson's drug store.

One of the largest hydraulic placer mines in the world is located in Cariboo, B. C., where an ancient river bed, like the dead rivers of California, with a bank 500 feet high of pay dirt, has been uncovered. In recent years it has been discovered the district is gridironed the same way as the western slope of the Sierra, with ancient river beds, which the modern streams have here and there intersected and from which they have drawn the bulk of the wealth contained in their beds.

Bismarck's Iron Nerve.

Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach Liver, Kidneys and Bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c at Hogkdinson's drug store.

W. R. Bellinger has the contract to build the telephone line from Skelton to Elko and commences operations this week.—Wells *Herald.*

It Saved His Leg.

P. A. Danforth, of LaGrange, Ga., suffered intensely for six months with a frightful running sore on his leg, but writes that Bucklen's Arnica Salve wholly cured it in ten days. For Ulcers, Wounds, Burns, Boils, Pain or Piles it's the best in the world. Cure guaranteed. Only 25 cents Sold by S. J. Hodgkinson druggist.
